# **EMPHASIS AREAS**

# Emphasis Areas

Q4 Which areas of emphasis do you think we should focus our efforts on for the CTSP update? (rank in order of emphasis priority)

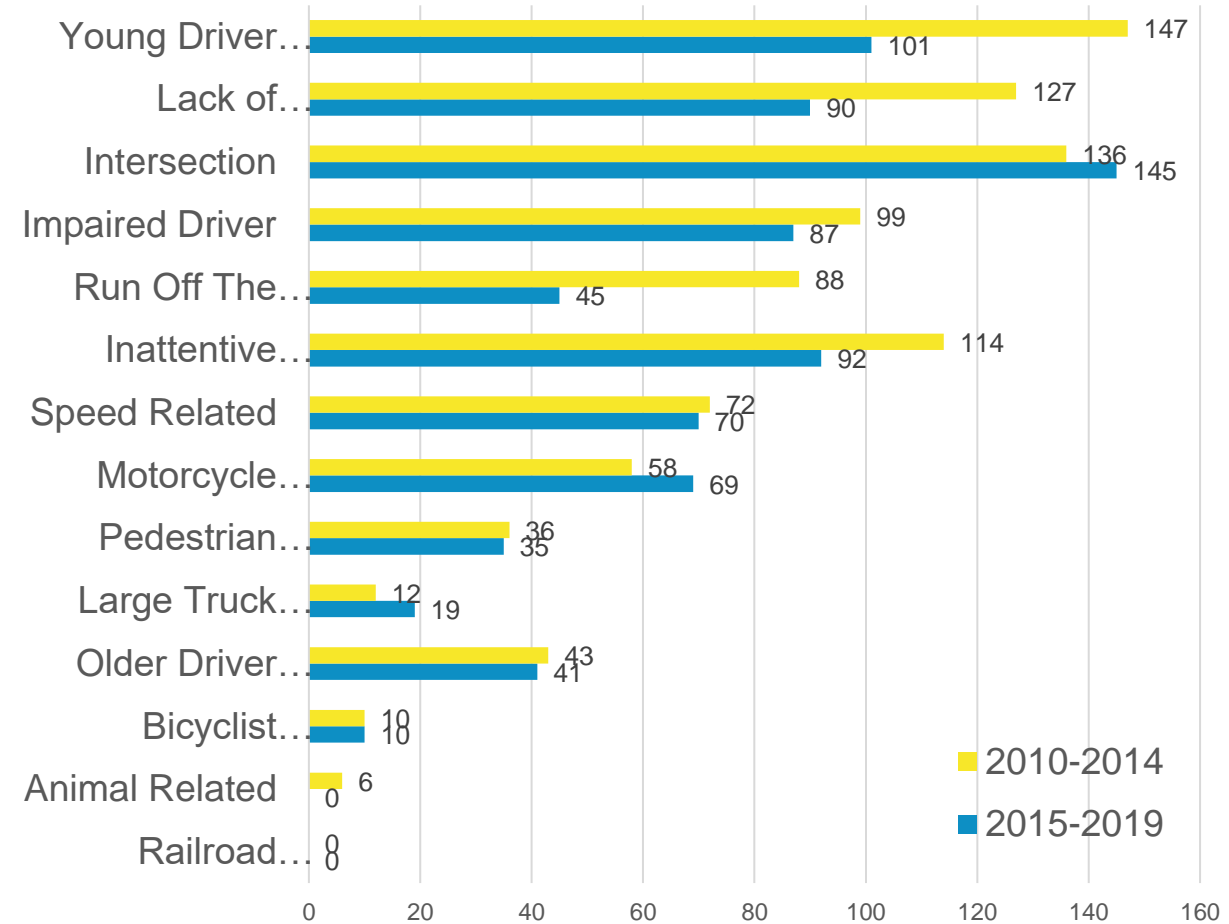

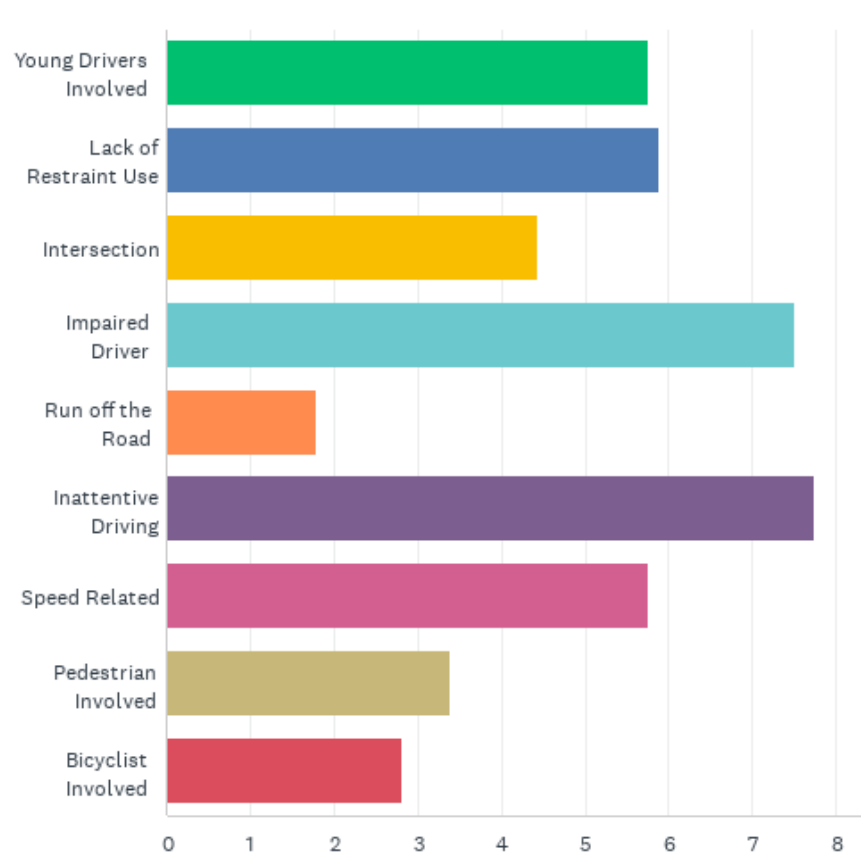

# Emphasis Areas: Comments

- Marijuana Public Education
- Seatbelt use would save many lives each year in Montana. A primary seat belt law and more education would move the needle here.
- It seems like we should be able to do something to change behavior in and around intersections, even if large scale infrastructure is outside of the scope of this plan.
- There are two top priorities in my mind: Impaired and inattention. Age both young and old.
